A wonder boy from the American South with a cheeky smile and a guitar conquers the world. He has it all: talent, looks and a manager who will soon make him The King. The first international Total Star with an image thought out right down to the last detail. And although he doesn't mention the problems of the 60s and 70s – equality, feminism, the Vietnam War, racial segregation – his songs become hits.

Private Elvis and Stage Elvis merge into one idea-less mass, from which anyone can sculpt the King they dream of... Presley is no longer a singer. He is a religion. Will you accept it?
